PRAYER BULLETIN

Praises and prayer requests of TAP Family for the month of January, 2024

GOD STILL SPEAKS TODAY!

Just as the Father talks to His children, so does GOD to His very own. He never stops expressing His love to His creation. He never stops making Himself known. He never stops reaching out through His WORD.

Praise GOD that in the Philippines, we have dedicated the first month of every year as the National Bible Month. May the Lord of the Harvest be truly magnified in every town, village or wherever His Word is given its rightful place.

Pray for Christ-filled celebrations all over the land, bringing God-centered results, manifesting itself to community transformation across the nation.

Launching of Guina-ang Kalinga NT

Praise God that after the long haul, the New Testament in Guina-ang Pasil Kalinga will be launched on January 28, which coincides with the National Bible Sunday.

We covet your untiring intercessions for the following:

- 1. Fair weather, safe and clear roads to the dedication venue,*
- 2. Traveling mercies for all guests and participants,*
- 3. Spirit-inspired speaker, and cohesiveness of those who are behind the preparations,*
- 4. CHRIST - exalting launching and dedication program, bearing fruits that would last for eternity, and*
- 5. Pray for wisdom and understanding for all those who will read the translated WORD in their own language so the peace of God may rule in their hearts.*

OTHER PRAYER POINTS

***Praise God that after attending the launching and dedication of the Guina-ang NT, Elizabeth Barkas from The Seed Company will travel with TAP Project and Prayer Coordinator to Surigao del Sur for the team building retreat of the **Kinamayú Team** on February 1-2. Pray for a meaningful group interaction and Christ-filled sessions and God's leading towards improved team spirit.

***Praise God for the approved proposal for **Binukid OT translation** start-up. Ask God for timely provision of funds to be able to facilitate the project in Bukidnon, Northern Mindanao. Pray that the team will truly be Spirit-inspired.

*** Praise God that a little over 60% have already been translated and some have been uploaded in the Scripture App. Ask God for additional provisions for the **Ayta Ambala translation project** as they embark on hastening the translation process using the FLExTrans that Roger Stone started among the Ayta cluster. Pray that it will be a significant tool to accelerate the translation process. Keep praying for the team as they continue the task even though the former Project Facilitator was promoted to heaven on March 15, 2023. Keep praying for Roger Stone as he supervises the team to get to the finish line.

*** Praise God for the availability of four Mother Tongue Translators (MTT) for **Agta OBT project**. Ask God for four more MTTs so we could start making the proposal for this Oral Bible Translation project among the Agtas in Quirino Province. Also pray for timely financial provisions and the collaboration of other stakeholders for this project.
